management angels
a Randstad company

The Management Angels are providers of staffing solutions specialized in Interim Management.

For more than 10 years, Management Angels have

been placing highly qualified interim executives especially in technology oriented sectors.

The company is part of German Randstad and completes their service portfolio concerning experts and executives.

Companies specialized in Acquisition of Human Resource are faced with the challenge to filter fast adequate applicants from their stock of information on request.

In this case, contact data and a multitude of attributes are managed within a Microsoft Exchange environment. These contacts contain links to further information like curriculum vitae and profiles of skills on the fileserver.

Interface:projects replies to this challenge by combining relational search and customer-adapted presentation of results.

Searching for "Project Manager", grouped lists will be displayed showing contact data, curriculum vitae and further application documents of adequate candidates.

This functionality is completed by a geographical search in region based on postal codes as well as additional filter criteria like special competences, day rate or terms of curriculum vitae.

"Reasons, why we decided for inter:gator were the combination of structured Outlook contact data and a powerful full text research in curriculum vitae, stored in our system and the intuitive handling of standard user interface of Enterprise Search Solution," explains Tilo Ferrari, attorney of Management Angels and branch manager in Frankfurt (Main).

"All together we are very satisfied with this solution. The team of Management Angels could accept the new search tool very easily and it is the basis for our daily work. It's a good investment," says Tilo Ferrari.

management:angels

The Management Angels provide competent interim executives in technology oriented sector, primarily. Telecommunication, IT, online media, energy, automotive and engineering industry belong to these practice areas as well as life science and service.

Management Angels GmbH · Bernhard-Nocht-Straße 113 · 20359 Hamburg
